The law requires us to: make sure that protected health information that identifies you is kept private;

- notify you about how we protect protected health information about you;
- explain how, when and why we use and disclose protected health information;
- follow the terms of the Notice that is currently in effect.

We are required to follow the procedures in this Notice. We reserve the right to change the terms of this Notice and to make new notice provisions effective for all protected health information that we maintain by:

- posting the revised Notice in our office
- making copies of the revised Notice available upon request;

HOW WE MAY USE AND DISCLOSE PROTECTED HEALTH INFORMATION ABOUT YOU.

The following categories describe different ways that we use and disclose protected health information without your written authorization.

For Treatment. We may use protected health information about you to provide you with, coordinate or manage your medical treatment or services. We also may disclose protected health information about you to people outside Reidenbach Nutrition, LLC who may be involved in your medical care or others we use to provide services that are part of your care. We may use and disclose protected health information to contact you as a reminder that you have an appointment for treatment or medical care at Reidenbach Nutrition, LLC. We may use and disclose protected health information to tell you about or recommend possible treatment options or alternatives or health-related benefits or services that may be of interest to you.

For Payment for Services. We may use and disclose protected health information about you so that the treatment and services you receive at Reidenbach Nutrition, LLC may be billed to and payment may be collected from you, an insurance company or a third party. For example, we may need to give your health plan information about nutrition services you received at Reidenbach Nutrition, LLC, so your health plan will pay us or reimburse you for the service. We may also tell your health plan about the nutrition services you are going to receive to obtain prior approval or to determine whether your plan will cover the treatment.

For Health Care Operations. We may use and disclose protected health information about you for Reidenbach Nutrition, LLC health care operations, such as our quality assessment and improvement activities, case management, coordination of care, business planning, customer services and other activities. These uses and disclosures are necessary to run the facility, reduce health care costs, and make sure that all of our patients receive quality care.

For example, we may use protected health information to review our treatment and services and to evaluate the performance of the dietitian who is providing your services. We may also combine protected health information about many Reidenbach Nutrition, LLC patients to decide what additional services Reidenbach Nutrition, LLC should offer, what services are not needed, and whether certain new treatments are effective. We may also disclose information to doctors, nurses, technicians, medical students, and other Reidenbach Nutrition, LLC personnel for review and learning purposes. We may also combine the protected health information we have with protected health information from other health care facilities to compare how we are doing and see where we can make improvements in the care and services we offer. We may remove information that identifies you from this set of protected health information so others may use it to study health care and health care delivery without learning who the specific patients are. We may also contact you as part of a fundraising effort.

Subject to applicable state law, in some limited situations the law allows or requires us to use or disclose your health information for purposes beyond treatment, payment, and operations. However, some of the disclosures set forth below may never occur at our facilities.
